

***CAHH Secretary-Communications Special General Meeting Report 2019-2020
(April 2019-October 2020)***

CAHH membership is a bit lower this year, likely due to COVID-19, which wiped out Creating Space 10 and as a result, our opportunity to sign up new members. Despite that, we currently have an active membership of **90 members**, comprising predominantly Canadians but also members from the USA, UK, and France. And nearly 40 of our active members are grad students, medical residents, and medical students.

In other news, as others have mentioned, we continue to revise the CAHH website in the interest of providing more resources to keep our community connected and growing. Our website traffic is down this year compared to last year, again likely due to the lack of the conference. But this is less than one might have expected; we have had 3100 unique visitors, with over 4100 visits to our website. That reflects the almost 18 month period from mid-April to now.

CAHH can be reached by e-mail at cahhsecretary@cahh.ca, while our Twitter handle is @CAHH_ACSHS. We are developing an Instagram account as well.

From a governance perspective, we have had monthly executive meetings throughout the academic year and kept detailed minutes of those to ensure a robust written history/archive of our organization. We have had excellent input from our inaugural Advisory Council, who have dedicated significant time and effort to not just ensure the organization runs, but that it continues to grow.
